You Do Not Have To Be A Lawyer.or Have A Phd. To Realize the Custom Law Of  
Our Nation in respect to FCC Licening and Radio Broadcast Stations are Being  
Wrongly Misused In Conjunction With A Felony and Monopolization Of Mrs.  
Olga D'Alessandro Air Spectrum,To Broadcast To Her Community Of 3 Square  
Miles.

The Supreme Court has consistently upheld the principle  
that broadcasters can be required to act in the public  
interest. The landmark case is Red Lion v. Federal  
Communications Commission. Despite changes in FCC  
policy over time, that 1969 decision remains a crucial  
legal  
interpretation of broadcast law," making clear that the  
broadcast spectrum is owned by the public, whose Community  
interests must be served.

The Communication Act,s Distinety and Well Defineds the Licensing of a  
Radio Broadcast Station For the American Public,not Radio  
Conglomerates,This Law is the Custom Law Of The Nation of all the  
Citizens  
of The United States,it is Controlled by The Federal Government "FCC"  
not  
Lacale or State Laws.The Acts Define a License to be issued only to the  
Community to be Served,not to the entire State or Several States.

## Philosophical and Legal Foundations of Commercial Radio!

The basic landmark agreement between commercial radio and the Citizens of the United States was established in the Communications Act of 1934 and has become the unifying thread of all telecommunications laws since then. The basic agreement was actually established in the years before. This important law established basic philosophical principles:

1. The airways are public property, Custom Law Of Our Nation.
  2. Commercial broadcasters are licensed use the airways, Non-Commercial No License required.
  3. The main condition for use will be whether the broadcaster served "the public interest, convenience, and necessity of their Community." not how much money one can earn.

Working Washington=92s Special-Interest Money

System

How has the NAB been able to get so much support for its grab of \$70-billion worth of corporate welfare?

Monopolization of the Publics Airways!

The answer lies with two powerful advantages the NAB lobby wield. First, NAB is a major presence in every congressional district in the country. They have the power to report and shape the news, including the power to control how issues affecting their own operations Air Space "SPECTRUM"=97such as the spectrum giveaway=97are covered. They also control how, and if, Members of Congress appear on radio and television. That makes legislators

extremely reluctant to take them on. "Most lawmakers don't have the nerve to poke a stick in the eye of over-the-air network conglomerates," noted one telecommunications lobbyist.

Second, the NAB is a successful player in the Washington special-interest money game. NAB gives generously to political candidates. They also spend millions to lobby

Congress, the Administration and the FCC, making sure that those who carry their message to the White House and Capitol Hill have stellar connections to Washington's power elite. The NAB spends lavishly at the political conventions to curry favor. And they pay for

"fact-finding"

trips by congressional aides to learn their side of the issues.

"The Sherman Anti-Trust Act

of  
1890"

three hundred and fifty thousand dollars, or by imprisonment not exceeding three years, or by both said punishments, in the discretion of the court.

A. CONSPIRACY = 3D NAB and RADIO CONGLOMERATES and FCC restraint of trade or commerce among the several States, or with foreign nations, is declared to be illegal.

SECTION 2 Every person who shall monopolize, or attempt to monopolize, or combine or conspire with any other person or persons, to monopolize any part of the trade or commerce among the several States, or with foreign nations, shall be deemed guilty of a felony, and, on conviction thereof, shall be punished by fine not exceeding ten million dollars if a corporation, or, if any other person, three hundred and fifty thousand dollars or by imprisonment not exceeding three years, or by both
